⭐ Studyclix access for all students can be covered under the **Schoolbooks Grant**

More than 1 in 3 schools buy Studyclix directly for their students.

Studyclix is Ireland's most popular study website.

Get study resources, tools and advice for all year groups, from 1st to 6th.

How setting up your school licence works:

1. Decide which year groups to cover

2. All students with your school's email domain gets the upgrade

3. We work with you to help students, teachers & parents get the most out of your licence

Optional extras

Add more to Plus with:

Student Premium 👑

Along with all the content in Plus, students get access to past mock papers, questions by topic & additional resources for mock questions

+€30

per student
(Regular price €89.99)

Add more to subjects with:

Studyclix Boost 🚀

Boost add-ons are a series of interactive notes and videos that break down each topic into bite-sized chunks. Each subject contains over 200 short videos that can be used both in the classroom by the teacher and for independent revision by students. Boost is available in four subjects:
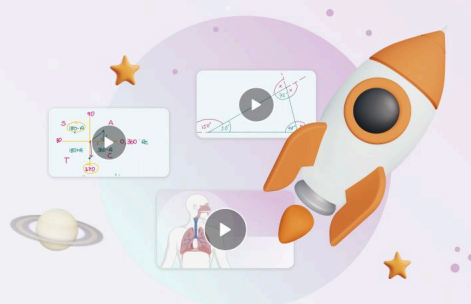

LC Maths 🚀 JC Maths 🚀 LC Biology 🚀 LC Irish

✓ Hundreds of easy-to-follow videos
✓ Notes and examiner advice on all topics
✓ Test-yourself tools for independent learning

See Boost in action at studyclix.ie/boost

€25

per student per subject
(>50% discount)

How to fund your school licence:

Pay directly from school funds
The Schoolbooks grant can be used to fully or partially cover the cost of your Studyclix licence. We can issue multiple invoices to accommodate this.

Charge the parents a contribution
Schools can charge a contributor fee to be paid by parents at the start of the year.

Charge the students
We send you a spreadsheet of single use upgrade codes to be given to paid students.

Get funding from a local sponsor
Some schools fund their Studyclix access through sponsorship from a local company or third level university. Check out our Sponsor a School page for more information.

Why are more than 1 in 3 schools opting for a school licence?

Equality of access
A school licence means all student have access, not just those who can afford it.

A whole school approach
We'll train up your teachers and students to make sure everyone gets the best out of Studyclix.

Lighten the load
With all past exam and marking scheme booklets easily accessible in Studyclix, there's a reduced need for hard copy exam papers.

Drive student engagement
Studyclix helps students to build upon the learning that happens in school by allowing them to identify and fill learning gaps.

Involve parents
Parents are motivated to help their students but often lack the subject knowledge. Studyclix is a scaffold to help parent's support their child's learning.

Improve results
Schools with a Studyclix licence typically see an improvement in their exam results within the first year.

Does Studyclix Really Help?

Students who use Studyclix get 127 more CAO points in their Leaving Certificate

3

the average number of grades Studyclix users increase by

494

the average number of CAO points reported by our users

85%

of Studyclix users got the course they wanted

"Our school-wide attainment levels have increased dramatically over the last number of years, due to a focused teaching and learning school improvement plan of which Studyclix played a huge part."

Rachel O' Connor

Principal, Ramsgrange Community School

Invaluable! Studyclix successfully takes some of the stress out of studying, it helped me to feel prepared and provided structure to my study. I'd do a topic quiz first, then move onto past paper questions. The sample essays are very useful for History & English, I ended up with a H1 in both.

6th year student

My son is in 6th year and has been using Studyclix for a few years. As a parent, I have found the service really valuable. They send great articles to open up discussions with my son relevant to what he is studying. I will definitely use this service again for my daughter.

Frequently Asked Questions

studyclix

Why not leave students buying Studyclix independently of the school?

Buying a school licence works out far cheaper than letting students buy for themselves. In addition, a school licence means that teachers know that ALL students in their classes have access and therefore can assign work through Studyclix.

How long does a school licence take to get set up?

Once the school has confirmed they wish to go ahead with the licence, we will send your set up pack within 48 hours.

Should I get it for the whole school or just exam years?

The resources and tools on Studyclix are made with all students in mind, not just exam years. We tailor the content available to each year group. For example, first year students receive advice and support on how to develop good study habits.

Are my teachers included in the school licence?

Yes! All teachers at your school get free access. Our share feature allows teachers to fully incorporate Studyclix into their classes by collating resources and exam questions to share directly with students through your LMS. We also offer online teacher training as part of your licence.

Is Boost included in all plans?

No, Boost is a separate product and is added as a supplement to Plus and Premium access. Boost is currently available in Maths for all year groups, LC Biology and LC Irish.

What if my students have problems or questions?

Studyclix's support team can be reached on info@studyclix.ie or by live chat on the site and can solve any student questions that might arise.

How will I know students are using it?

Through training of your teachers and regular reporting, we will work with you to make sure that your school maximises the value your school gets out of Studyclix.

Is Studyclix available in Irish?

Yes! You can view & use questions, as well as use the Exam Builder and Papers page. We are working on adding more subjects, features, and notes in Irish in the near future too.

Is Studyclix access covered under the Schoolbooks grant?

Yes! Schools may use the funding for digital media support, which relates to teaching and learning within curricular requirements.

Does Studyclix access replace the need to buy exam paper booklets?

Once they move to a Studyclix school licence many schools no longer require students to buy all their hard copy exam booklets. Students and teachers can print out any papers they need and downloadable paper booklets are available along with marking schemes, video solutions and sample answers.
